## NOTE FOR BRADY WAS THE COUNSEL

President Hyde So Said to the  
Mormon People of Rock-  
land.

WORD IS AUTHENTIC  
AND THE DATE GIVEN  
This Will Be a Significant Fac-  
tor in the Tuesday  
Primaries.

BY C. E. ARNEY.

Special to The Tribune.  
BOISE, Idaho, Aug. 28.—Yesterday morning I received the following letter from Pocatello from an old friend who is the soul of honor and who would not have made the statement below had there been any possibility of its inaccuracy:

"Bishop Hyde of Pocatello asked the people of Rockland, from the pulpit, on Sunday evening, August 14, to vote for Brady."

My correspondent is wrong only in that "Bishop Hyde" is "President Hyde." He is president of the Pocatello stake of Zion. Rockland is a settlement in Nevada county some eighteen miles south of American Falls, in the Pocatello ecclesiastical stake of Zion.

Any word delivered to the saints of Rockland by their president, therefore, would be sacred words, not a suggestion, but a command.

This harmonizes with my story in last Wednesday's issue of the paper in which I predicted that the leading Mormons of Idaho, the bishops, presidents and councilors were for Brady.

Rockland precinct vote on next Tuesday will, in view of these instructions, be interesting to analyze.

## A HUNDRED COMPLAINTS ON LIQUOR AND GAMBLING

Special to The Tribune.  
SALMON CITY, Ida., Aug. 28.—Detectives in the employ of the Anti-Saloon league have been at work in Lemhi county during the past few weeks, and have secured information resulting in the filing of about 100 complaints regarding violations of the local option and gambling laws.

Eight cases were heard at Junction yesterday before Judge Yearian. Those accused denied the charges and the cases were dismissed. Other cases are pending, and considerable feeling is being manifested on both sides. County Attorney O'Brien is representing the state and R. Whitcomb the defendants.

The site for the new \$40,000 schoolhouse to be erected in the Brooklyn addition to the town of Salmon has been chosen. The tract selected has a frontage of 400 feet and a depth of 200 feet. It was bought from the Salmon Valley company, and the price paid was \$350.

Articles of incorporation of the Salmon Creamery company have been sent to Boise. The capital stock is placed at \$10,000, divided into 100 shares of \$100 each, and the company will be on in a few days, and busy times are anticipated in and around shipping points while the season lasts.

Judge G. B. Quarles was married to Miss Rose E. Loring last week at Hope, Ida. The judge and his bride returned to Salmon today after a short visit to Spokane. Mr. Quarles is president of the Citizens National bank.

INCURABLE CASE

(PATENT 6 YEARS OLD)  
Authorities declare kidney disease incurable after the sixth month. This was the situation in the case of a man who had been suffering from the disease for six months. The new emollient treatment—the only thing known that does claim in print to cure chronic kidney disease—has been declared incurable by physicians, and in some cases four to six have joined in the fatal diagnosis.

Case of the little six-year-old son of A. C. Dean, No. 1728 9th Avenue, Oakland, Cal., late symptoms of chronic kidney disease. The family physicians told the distracted father that death was inevitable. At that late moment he heard of the emollient treatment. This was a very slow case due to serious complications. It took nearly a year to restore the lad. He is now going to school.

Richard Leek, of Calvert & Leek of Ogden, Utah, reports the recovery of his seventeen-year-old son, whom the doctors had also given up. He also is now going to school.

Dr. J. H. Rinal Compound, the first successful treatment for chronic kidney disease, has been given to the public by authorized agents, Schramm-Johnson, Fruit, five stores. We desire to hear from you and advise with every case not yielding.

## FOREST RANGERS

AFTER THE FIRE

Men From the Ogden District

Shipped to Idaho With

Post Haste.

Special to The Tribune.

OGDEN, Aug. 28.—Ten forestry rangers of the fourth district were sent out from Ogden today by District Forester A. E. Sherman to assist in fighting the flames which are sweeping the northwest corner of the Snake river valley.

Four of the men were detailed to Kaysville, Mont.; two to Libby, Mont.; two to Missoula, Mont.; one at Kootenai, Ida., and one at Grangeville, Ida.

Following the general alarm which was flashed all over the fourth district by Forester Sherman when he was called upon to furnish men to assist in fighting the flames, employees of the service laid everything aside and started on a Tuesday morning with mail to pay for the forest fire.

Forester has had available men every day since assistance was requested from him. The last night of the week, the necessity of the forestry men to respond to the call of their chief is that of Walter E. Hanks. Hanks received word to report at Ogden as soon as possible, late Thursday evening. He is an attaché of the Powell national forest in southwest Idaho, and is a man of considerable experience in the forestry men to respond to the call of their chief is that of Walter E. Hanks.

My correspondent is wrong only in that "Bishop Hyde" is "President Hyde." He is president of the Pocatello stake of Zion. Rockland is a settlement in Nevada county some eighteen miles south of American Falls, in the Pocatello ecclesiastical stake of Zion.

Any word delivered to the saints of Rockland by their president, therefore, would be sacred words, not a suggestion, but a command.

This harmonizes with my story in last Wednesday's issue of the paper in which I predicted that the leading Mormons of Idaho, the bishops, presidents and councilors were for Brady.
